

Delta WASP 3.0 CLAY KIT

3.0 LDM Extruder

PRODUCT DESCRIPTION

A professional clay extruder for the deposition of dense fluid material as clay mixture and experimental materials. It is equipped with a screw system capable of regulating the output flow of the material, allowing a rapid flow interaction and a good retraction control. Developed to support digital craftsmanship and self productions.

FEATURES

Bubble eliminating extruder, it eliminates air bubbles in the mixture; extrusion controlling system with retraction option; outward pressure multiplier.

TECHNICAL DETAILS

Dimensions:

Box 1: 23cm x 51cm x12.5cm
Box 2: 23cm x 51cm x12.5cm

Total Weight: 18kg

COMPATABILITY

WASP Clay Kit was created to be installed on WASP printers, but can be adapted to most of the existing machines.

INCLUDED

- Extruder with screw control
- Stainless Steel Nozzles: 1.5mm, 2mm, 3mm
- Plastic nozzles with Luer lock adapter: 0.8mm, 1.2mm, 1.5mm
- 3L Aluminium Tank
- Fittings
- A stand for the tank
- Bar fittings
- A pressure reducer
- A safety valve
- Teflon connecting tube
- Nylon connecting tube
- 12 kg of RED EARTHENWARE Clay Mixture
- Manual
- SD card with files and configurations
